Plenty of other benefits starting as soon as you receive your membership certificate

# OUR UNION

EURAS – Eurasian Universities Union has been growing the higher education network via Europe and Asia since 2008. The members that are the major institutions of their countries have been sharing the knowledge and experiences in order to achieve the highest quality.

EURAS aims to build awareness regarding the value and importance of the Eurasian region as per its role in terms of world history and civilization. This shall lead all the political, economical and social aspects of the Eurasian continent to a perfectionist identity by using the power of education.

## VISION

Our vision is to promote sustainable peace and advanced technology worldwide through the development of culture and new educational systems.

Our vision for the future is that of a society of self-aware and highlyqualified individuals benefiting from global education and mobility services. EURAS aims to open the borders of education to the public and to favor the exchange of knowledge and best practices among higher education institutions from the entire Eurasian region. In order to accomplish these goals, We believe that connecting universities from diverse backgrounds can make the difference in guaranteeing real equality and accessibility to excellence in educational standards.

## MISSION

- Building a platform for Regional Universities to reach international educational services;
- Establishing cooperation and networking among Members;
- Improving academic and administrative standards of education;
- Supporting innovation;
- Encouraging student and academic staff mobility;
- Promoting policy development internationally;
- Representing the interests and concerns of member universities while supporting their appreciation and visibility worldwide;
- Strengthening leadership of Eurasian Universities by sharing knowledge and exchanging best practices.

# OUR MEMBERS

Our member profile is including a wide range of institutions of public and private universities as well as official institutions and agencies that are related to higher education. In accordance with the region we are covering plenty of highly prestigious institutions from whole EURASIA.

Have a look at our web site on the membership section where you will get the membership package.
