

## **Call for Papers**

### **EURAS Journal of Social Sciences (EJOSS)**

**EURAS Journal of Social Sciences (EJOSS)** is a new open access double blind peer reviewed academic journal published by EURAS (Eurasian Universities Union).

Launched in 2008, EURAS-Eurasian Universities Union is a non-profit international education association, promoting cooperation among over 120 member universities and partner institutions from all around the world and working for the global advancement of educational standards in the Eurasian region. EURAS, the main supporter and endorser of EURIE Summit, is the largest and strongest higher education association of the region, focuses on improving the international collaborations and cooperative activities via unique networking and sharing the latest trends on innovation, globalization and quality assurance.

EURAS-Eurasian Universities Union has decided to issue three new academic journals, among them one devoted to social sciences, especially to the fields present in the panels SH1 and SH2 of the ERC classification. We aim at collecting and publishing scientific papers in English concerning Eurasia, its past, its present, its future, and especially the connections between the European and Asian continents. We hope to receive many papers from scholars of the universities members of EURAS but our call is open to all the scholars of all the institutions in the world. Moreover, we will be happy to receive and publish papers from young scholars. Thanks to our international profile, we aim at attaining the highest standards of peer review and quality and at getting national and international accreditations as soon as possible. The works published will be provided with a DOI number. EJOSS will be provided with a dedicated webpage included in the EURAS website.

The numbers will include:

- Editorial;
- Articles;
- Reviews of books;
- News about EURAS

**EJOSS will be published twice a year, both on paper and electronically, and will preferably publish works concerning the following fields:**

Economics (Political Economy and Public Economics), Political Science, Social Anthropology, Sociology, International Relations.

*Interdisciplinarity and focus on scarcely studied yet important questions will be viewed as a very positive asset. Therefore, we welcome works that can be classified as concerning other human and social sciences such as law and history. However, our journal can have a lesser chance to get accreditation for these fields.*

**The evaluation of the papers will subject to the following rules and norms:**

Authors are invited to submit their papers to [submission@ejoss.net](mailto:submission@ejoss.net). The proposed works must be original and must not have been published previously or be under consideration for publication elsewhere while being evaluated for this journal. A more detailed Ethical Code is published in the EJOSS webpage.
