### EURAS Bulletin Vol.2 No.3

#### ❖ EURAS: Adapted Basketball Training for individuals with intellectual disability - (Erasmus Project)

EURAS is looking for a partner who ventures in these areas that can benefit us. Please have a look at the detailed proposal with more information that we are looking forward to welcoming your university/organization as our new project partner.

**Project Target Group:** Individuals with intellectual disabilities between the ages of 12-16

**Project Final Group:** Families of children with disabilities, children who are not disabled, families of children who are not disabled

**Project Method:** In order to perform the project activities and obtain the expected outputs, the implementation method of the project will be considered as a qualitative research method. The efficiency of the project will be measured by using focus group studies and one-on-one interviews. The reason why this method is preferred is to ensure that the targeted audience is accessible and to reach the data by collecting in-depth information.

**Project Training Period:** The training period for students is planned as 6 months.

Suggestions should be submitted via email along with the Expert name, organization/university/school, email, or phone number. The due date for submission is **18<sup>th</sup> January 2022**.
